

OdorBlok® Technology

Long Life

- ✓ Hygieniser
- ✓ Cleaner
- ✓ Odor Remover

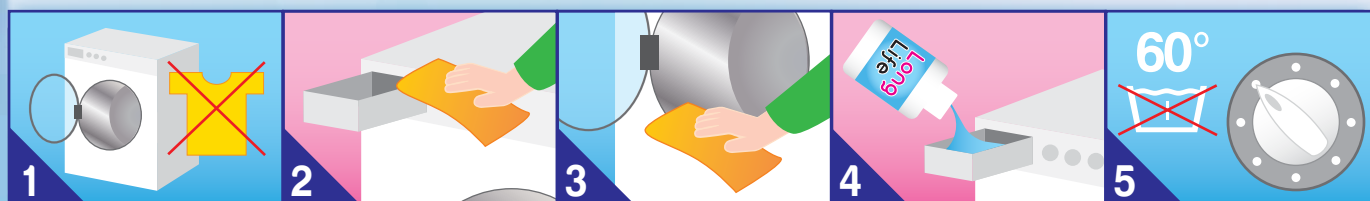

LONG LIFE IS THE INNOVATIVE ADDITIVE FOR THE CLEANING AND MAINTENANCE OF THE WASHING MACHINE.

**It eliminates dirt and limescale
and carries out an anti-odour and hygienising action.**

To take care of your home and laundry in a complete way, OdorBlok line has been enriched with this special liquid anti-limescale, which **hygienises, cleans and removes unpleasant odours** from the washing machine.

“Long live the washing machine!”

1 Make sure that the washing machine is empty.

2 Clean the detergent compartment with a small quantity of product.

3 Remove the residual dirt from the gasket with a sponge.

4 Pour all the content of the bottle into the detergent compartment.

5 Do a washing cycle at 60° without any garments in the machine and without the prewash.

LONG LIFE - A32-200UV
12X250ml

* To obtain better results repeat the cycle once a month
