

Technical Data Sheet

CAPTUR COLOR

A90-005

Description:

Colour catcher sheets that absorb any run colours, avoiding accidents in the wash:

- they protect the brightness of garments
- they prevent greying and dirt redepositing
- they avoid colour transfer

Directions for Use:

- 1) Insert 1 sheet at the bottom of the drum (use 2 sheets with machine fully loaded and 1 sheet for half load)
- 2) Add the laundry and the usual quantity of detergent
- 3) Carry out the desired washing cycle.
- 4) Remove the sheet at the end of the wash and throw it into the mixed waste.

Warning: In case of new garments or never washed garments, wash them separately. In case of very brilliant colours double the number of sheets.

Technical Information:

- **Appearance** → sheet 13x20,5cm
