

D1 SWEAT

PRODUCT DESCRIPTION:

Specific stain remover for sweat, food, sauce and chocolate stains for all kinds of wash, to be used both in pre-spotting and post-spotting.

Its formula combines quickness of action and safeguard of fabrics and colours.

Stains are usually composed of various elements, so it is often necessary to use more than one product to complete the stain elimination process. If you have doubts about the stain composition, start with D4 – Proteiche and do not use steam, in order to avoid fixing the stain.

HOW TO USE:

For identified stains, see D line spotting table, so as to follow the correct sequence of stain removers, to avoid fixing protein stains.

Use:

1. Wet the stain with water.
2. Apply a few drops of pure D1 on the stain.
3. Let the product act for 15-30 seconds and use a brush or a scraper if necessary.
4. Heat up with a steam gun if necessary.
5. Rinse with plenty of water and dry with compressed air.
6. Repeat the treatment if necessary.

Warning: Test the product on a hidden part of the garment before its use

Product for professional use only.

LOGISTIC INFORMATION:

Code	Packaging	Box	Pallet
A15-030A	500 ml	6 pcs.	-

CLP REGULATION:

Chemical Composition (REG 648/2004)

≥15%<30% non-ionic surfactants

≥5%<15% anionic surfactants

<5% phosphonates - perfumes - enzymes - eucalyptus globulus oil - turpentine - methylchlorisothiazolinone - methylisothiazolinone

Ingredients:

Aqua, cocamide dea, sodium dodecylbenzenesulfonate, C13-15 pareth-7, diethanolamine, parfum, C12-15 Alketh-3, zinc ricinoleate, C12-14 pareth-3, ricinus communis oil, ethoxydiglycol, heptasodium trihydrogen [[bis[2-[bis(phosphonomethyl)amino]ethyl]ami-no]methyl]phosphonat, isopropilol alcohol, butoxydiglycol, ppg-2 methyl ether, eucalyptus globulus oil, turpentine, dimethicone, subtilisin, α-amylase, lipase, cellulase, steareth-21, methylchlorisothiazolinone, methylisothiazolinone.
methylchlorisothiazolinone, methylisothiazolinone (3:1) = 0,00075%

STORAGE: Keep the product in its original packaging at a temperature between 10 and 35 ° C and avoid any leakage of product. Avoid bitter cold and freezing. Do not expose to direct sunlight. It is advisable to preferably use the product within 18 months from production. For further information read the safety data sheet (SDS).

All the instructions provided are the result of studies and experiences acquired and they do not exempt the client from verifying the suitability of the products for the purposes of use. Therefore the application of the products and the results obtained must be considered independent from our responsibility.

Danger: Provoque une irritation cutanée. Provoque de graves lésions des yeux. Contient les ingrédients mis en évidence. Peut produire une réaction allergique. Se laver les mains soigneusement après manipulation. Porter des gants de protection / des vêtements de protection / un équipement de protection des yeux / du visage.
